

How to order Surfa Slick Lute Rakes & Parts

Surfa Slick Lute Rakes and parts are very simple to order as there are only 3-parts that make up a Lute (**shown in the diagram below**). A **Lute** is a term that refers to specific type of rake used in the construction industry.

- **Handle** (includes a red safety tip)
- **Lute Bar** (Rake Head)
- **Lute Bar Holder** (connection bracket which includes all bolts)

**Complete
Lutes
Packaged
6-per Carton**

When placing a **Lute** order simply choose:

- **Handle length**
- **Bar length /Serrated or Plain**
(The correct bar holder will be included)
- You may also order individual parts as shown below.

Please refer to our line card that shows part numbers and other information.
